

Control USB

Control USB is a basic 3 Channel 19" Stereo Rack Mixer with USB/SD card player. Channel 1 is assigned to the Microphone input. On Channel 2 You can play back your mp3 music files from USB/SD-card, or connect to another portable audio device via the 3.5mm external stereo- input. Channel 3 lets you control any external line source via a pair of stereo RCA inputs on the rear.

Key Features:

- Compact 1u low noise audio design
- USB/SD mp3 card player
- Individual volume controls
- Master with Volume, Bass and Treble controls
- Combo XLR/Jack Mic and 3.5mm stereo Line input on the front panel
- 1 Stereo RCA Line input on the rear
- Master outputs both on RCA and Balanced XLR
