

Key Features

- Truly portable at under 2.5 pounds
- 500 Lumens - Project large widescreen images of up to 180" diagonal
- DLP imaging - 3000:1 contrast ratio for detailed images
- LED light source lasts over 20,000 hours while producing excellent color
- Direct playback of movies, photos and Office files
- Easy plug and play display from laptops through USB
- 2GB on-board memory; SD card slot allows for memory expansion up to 32GB
- VGA and HDMI inputs – Connect to laptops, Blu-Ray players, and game systems to display content

Video

Mobile professionals and on-the-go presenters alike will appreciate the compact design and vivid LED performance of the Optoma ML500. Delivering 500 lumens of brightness and WXGA resolution, this projector creates crisp, clear widescreen images of up to 180 inches on most surfaces. Built-in media and Microsoft Office document viewer allows for playback of videos, presentations, documents and images directly from the projector's memory, while HDMI provides quick connection to the broadest possible range of devices.
