

## DR-100MK2

### Portable linear PCM Stereo Recorder

- Handheld digital stereo recorder for professional use
- Rugged metal chassis
- 2 separate types of batteries used together allow for many hours of operation as well as the ability to change batteries while recording
- MP3 and WAV file recording and playback
- Records to SD/SDHC card
- Selectable recording formats:
  - Linear PCM (WAV format), 16/24-bit
  - MP3 32/64/96/128/192/256/320 kbps
- Supported sampling frequencies: 96/48/44.1 kHz
- Four built-in high-quality condenser microphones
  - Two uni-directional microphones for stereo recording
  - Two omni-directional microphones for minutes recording
- Two lockable XLR mic inputs with switchable +48V phantom power
- High-performance preamp provides wide range of gain (58 dBu (max trim) to +24 dBu (min trim))
- Three selectable input sensitivities (hardware switchable)
- Stereo line input with adjustable level to connect an external source (mini jack)
- Tandem hardware level control for intuitive recording level setting
- Digital input (to be used with included conversion cable)
- Switchable low-cut filter (40 Hz, 80 Hz, 120 Hz)
- Switchable auto gain control
- Limiter to prevent clipping (hardware switchable)
- Built-in monitor speaker (hardware switchable on/off)
- Headphones output with level control (mini jack)
- Separate stereo line output (mini jack)
- Pre-recording buffer (2 seconds) allows a recording to start before the record key is pressed
- Delayed recording feature to prevent the unit from recording a touch noise of keystroke
- Auto recording start and stop by input level
- Overdub feature to add narration, singing or instruments to an existing recording
- Mark function (automatic or manual)
- Create a new audio file during recording (manually or by file size)
- File divide function (to cut unwanted noise, for instance, WAV format only)
- File renaming
- Playback features include:
  - In/Out loop
  - Folder or playlist playback
  - Pitch control function (–50 % to +16 %)
  - Switchable VSA function (change playback tempo without affecting the key)
- Mic stand adapter (1/4 inch) on bottom side to attach the unit to a tripod or microphone stand
- USB 2.0 connection for file transfer to/from computer
- Power supply by lithium-ion rechargeable, two AA batteries, optional battery pack or optional AC adapter, 2-Gigabyte SD card, RC-10 wireless remote control, windshield and softcase included as standard
- Footswitch with three pedals for various functions available as an option RC-3F
- Dimensions (W x H x D, excluding protrusions): 80 mm x 153 mm x 35 mm
- Weight: 0.29 kg (not including batteries)

Available: December 2011
