

XONE XD-53

Professional Monitoring Headphones

The new Xone XD-53 professional monitoring headphones have been developed to complete any professional DJ's set up, and complements perfectly the Xone DJ mixer range.

The XD-53's incorporate a circumaural design, providing excellent isolation from ambient noise, making them the ideal headphone solution for DJ's working in loud environments. The XD-53's are also the perfect headphone for studio monitoring applications.
