

The APart CMR608 is a compact 2-way rectangular built-in speaker. It can be used with a standard HiFi amplifier.

The CMR608 comes with a 5" woofer and 1" tweeter and is therefore suited for background music. Its housing is made of HQ ABS. The woofer has a treated paper cone, what makes the CMR608 moisture-proof. Mounting is very easy due to the 4 screws that are hidden behind the speaker grill.

The standard colour is white RAL 9010. As an option the CMR608 can be painted in any RAL colour (Ref; PAINT-CM). Please note that the minimum order quantity for PAINT-CM is 12 pieces.

Also available: in-wall back box for CMR608 (Ref; CMRBBi).  
 On-wall back box for CMR608 (Ref; CMRBB)
