

Sound Reinforcement Loudspeakers

B215XL / B215XL-WH

Optional mounting brackets

WB215

WB215-WH

1000 Watt 2-Way PA Speaker System 15" Woofer and 1.75" Titanium Compression Driver

- High-power 2-way PA sound reinforcement speaker system for live and playback applications (250 Watts Continuous / 1000 Watts Peak Power)
- Ultra-compact and light weight system delivers excellent sound even at extreme sound pressure levels
- Hand-built 15" long-excursion driver provides incredibly deep bass and acoustic power
- State-of-the-art 1.75" titanium-diaphragm compression driver for exceptional high-frequency reproduction
- Ultra-wide dispersion, large-format exponential horn
- Overload-protection circuitry ensures optimal HF driver protection
- Versatile trapezoidal enclosure design allows different positioning:
 - Stand mounting with 35-mm pole socket
 - Tilts on its side for use as a floor monitor
- Ergonomically shaped handles for easy carrying and setup
- 2 professional speaker connectors plus ¼" jack connectors
- High-quality components and exceptionally rugged construction ensure long life
- Conceived and designed by BEHRINGER Germany

Optional Wall Mount Swivel Brackets EUROLIVE WB215 / WB215-WH

- Wall or ceiling mount bracket for EUROLIVE B215 series speakers
- Available in black and white
- Heavy-duty steel construction
- Designed for indoor use only
- Exceptionally rugged construction ensures long life
- Conceived and designed by BEHRINGER Germany
