

LED COLOR BANK

:: Product Description

- * Powerful LED projector, designed for different applications such as: stage, theatre, TV, discos and clubs, ...
- * Creates wonderful effects when installed behind glass walls, ceilings and floors.
- * Uses 648 high power LEDs, divided over 8 independent zones.
- * Several built-in chases create stunning effects, controlled by DMX, internal microphone or by a simple handhand controller when used in standalone mode.
- * Perfect for use in TV-studios due to the 400Hz dimmer electronics!
- * Over 16million colors can be created by DMX!
- * Smooth color fades (with DMX and hand controller)
- * Extremely fast strobe with any desired color
- * Different DMX modes:
 - * 6 channel mode: all 8 zones react identically
 - * 9 channel mode: the LED color bank is divided in 2 zones
 - * 15 channel mode: the LED color bank is divided in 4 zones
 - * 27 channel mode: the LED color bank is divided in 8 zones
