

LED POWER BEAM

:: Product Description

- * Very powerful RGB LED projector, based on 36 high power 1W LEDs (12 RED + 12 GREEN + 12 BLUE)
- * Perfect alternative for traditional PAR64 projectors: only 65Watt power consumption + no need for heavy dimmer packs!
- * The use of LED Technology makes important energy (cost) savings possible compared to units based on halogen lamps!
- * Thanks to the waterproof IP65 housing, this LED projector is your first choice:
 - * To illuminate all kinds buildings like: hotels, shops, discotheques, public & amusement parks, fairground attractions, …
 - * To light up small, medium and large stages
- * The 400Hz LED scan rate makes it also a perfect choice in TV studios (no interferences with TV-cameras)
- * Completely silent: the projector is cooled by natural air convection so no noisy fans are needed!
- * The lightweight aluminium housing uses a double hanging bracket so it can also be used as floor projector.
- * Can be used:
 - * In standalone mode with the special pre-programmed PB-01 controller (with internal clock)
 - * In standalone mode with its internal automatic programs (wash, effect and custom programs)
 - * With any standard DMX-controller (9 channels needed for RGB color mixing, color macros, strobe, dimmer, …)
- * Menu driven LED-display with password protection on the rear panel
- * Automatic DMX-address feature with ID sub-addressing

:: Technical Information

Voltage: 90 - 250V (50 or 60Hz)

Rated power: only 65W

IP rating: IP65

LED n°: 36x 1Watt (12 RED + 12 GREEN + 12 BLUE)

Beam angle: 15°

Dimensions: 24 x 17 x 30cm

Weight: 0,7kg

Light output (RGB @ 100%):

- Distance = 2m: 2750 lux

- Distance = 4m: 700 lux

- Distance = 6m: 320 lux

- Distance = 8m: 190 lux

- Distance = 10m: 145 lux

:: Extra information and order codes

Available: around October 2007
