

M 87

Vocal Microphone

FEATURES :

Super cardioid polar microphone

Highly sensitive and accurate.

Outstanding dynamic range and wide frequency response

Feedback is reduced to a minimum thanks to the supercardioid response

Rugged shock mount system

Lower handling noise

APPLICATIONS :

Very suitable for performers and instruments

M 87

The AUDAC M87 is a super cardioid dynamic microphone which can be used for several purposes. The high sensitive neodymium element makes the M87 a perfect microphone for presentations and singing. Due to the unidirectional (cardioid) polar pattern, the M87's feedback is reduced to a strict minimum. An integrated On/Off switch for practical use is provided.

PRODUCT FEATURES :

Polar pattern:	supercardioid
Dimensions (diameter x H):	51 x 178mm
Weight:	270 g
Rugged shock-mount	
Cartridge with copper voice coil	
Cartridge with aluminium voice coil	
Slide on-off switch	
Zinc-alloy handle with elastic drop proof ball grille	

SYSTEM SPECIFICATIONS :

Frequency response:	50Hz to 18.000Hz
Impedance:	600 Ohm +/- 30%
Sensitivity:	-75dB +/- 3dB at 1 KHz

About Audac :

AUDAC provides a complete range of audio equipment such as amplifiers, loudspeakers, microphones, conference microphones and much more.
