

MC720

condenser microphone

PROFESSIONAL SOUND EQUIPMENT

MC720

The AUDAC MC720 Headset condenser microphone is the ideal microphone for any wireless microphone system in which the user doesn't want a microphone in his hand. The placement of the microphone, near the speaker's mouth, ensures a clear and high sound quality, without any problems when the speaker moves his head. The skin colour ensures a perfect blend of the microphone for discreet applications.

- Individually adjustable to all head sizes.
- The clever mechanical design keeps the microphone clear of any hairstyle or clothing.
- The extremely slender microphone boom can be attached to the left or right side.
- Length and angle of the boom are easily adjustable.
- Compatible with most popular wireless transmitters.

PRODUCT FEATURES :

Polar pattern	Omnidirectional
---------------	-----------------

SYSTEM SPECIFICATIONS :

Sensitivity:	- 45+/-3dB 1V/Pa
Output impedance :	2K Ohm +/- 30 %
Frequency response :	20Hz - 20Khz
S.P.L. MAX :	135 dB SPL
Element	condenser (black electret)
Recommended load :	> 10 k Ohm
Operating voltage :	1.5 - 12V
Current drain :	< 0.6 mA
Cable :	Ø 1.0mm*1.2mm
Weight :	16g
Mic. Dimension :	Ø5 mm
Accessory :	Windscreen
