

SX12

Subwoofer System

SX12

FEATURES :

Light-weight 12" subwoofer-cabinet

Passive crossover filter

Integral 35 mm pole mount that supports mid-high loudspeakers.

APPLICATIONS :

High power touring, installed PA for clubs, A/V, theater, broadcast, etc.

Perfect stage monitoring for smaller clubs, pubs, A/V, theater, broadcast, etc.

SX12

The SX12 is a compact, light-weight 12" subwoofer-cabinet.

It has an attractive anti-scratch painted enclosure.

The use of a passive crossover filter makes it possible that a small PA-set can be driven by only one amplifier!

An ideal solution for upgrading your PX08 or PX10.

Its built-in headbase makes it possible for combination with any mid-high speaker of your choice.

The stereo input is one 4-pole speakon connector combined with 2 additional output connectors for mid - high drivers.

AUDAC
www.audac.eu

For a period of 2 years, starting from the original date of purchase, Audac products are covered against defects in workmanship or materials. The defective item will be repaired or replaced at the option of Audac, with no charge for materials or labour. You have to adequately pack up and dispatch the item prepaid to an Audac authorized distributor/service centre. Unauthorized repair shall void the warranty. Cosmetics and finish are not covered by this Audac warranty. The warranty is also voided if, in Audac's opinion, the items have failed due to user abuse, accidents, modifications or any type of misuse.
