

LEDs

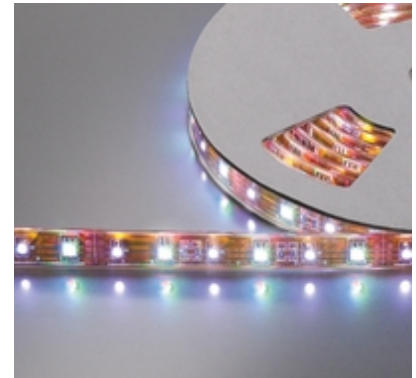

LEDS-5HP/RGBW **N**

Number 38.4560

Flexible LED Strips, RGB and WS, 12V DC current ,

Humidity-Proof Version

Ideally suited for the illumination of rooms and decorative lighting. The white LEDs light up continuously, the RGB LEDs can be switched on additionally, as required. Thus, the colour impression is more intense and it is possible to create a greater number of colour shades. Easy installation due to perfect flexibility and self-adhesive rear side which sticks to almost any kind of surface. Due to small dimensions, an application is also possible at locations where standard lamps cannot be used. Features bare cable ends for the direct connection to a PSU or LED controller or alternatively to DMX interface CPL-3DMX, CU-3LED or CU-3IR, available at option.

- Fitted with 150 RGB SMD LEDs (type 5050) and additionally with 150 white SMD LEDs (type 3528)
- Beam angle of each LED: 120°
- Can be cut into segments of variable size (groups of 3 LEDs)
- Self-adhesive rear side
- Supplied on a reel
- Supplied with 5 end caps and 10 mounting brackets

Technical Facts LEDs

Colour	red/green/blue, white
LEDs	150 x RGB, 150 x white
Beam angle	120°
Length	5m
Width	14mm
Power supply	12V DC current /2.5A
