## LGP 3 F

Ce projecteur d'images à LED est fait pour la projection de logos ou de gobos décoratifs. Le châssis en profilé d'aluminium est esthétiquement idéal pour s'adapter aux décorations modernes telles que les restaurants, les casinos, les pubs ou autres clubs... Le LGP 3F est livré avec 1 gobo (welcome).

This projector featuring the latest LED technology system delivers powerful, precise and colourful projections in any desired areas. Coming with an aluminium housing stylish design, LGP 3 F is perfect for modernized decorations and can be used in any places such as restaurants, casinos, pubs and clubs. 1 metal gobo "welcome" standard accessory is included into LGP 3F.

## STROB LED

Les STROB LED sont équipés d'interface DMX ce qui permet de les relier en maître/esclaves donnant des shows stroboscopiques absolument exceptionnels. Ces stroboscopes sont composés d'un grand nombre de LED ce qui leur donnent une bonne homogénéité d'ensemble. Bien évidemment, ces stroboscopes sont aussi utilisables en panneaux d'éclairage à la fois RGB ou blanc.

LED strobes are designed with the latest LED mixing colour technology. Featuring 192 high brightness LED, LED strobes offer powerful and exceptional beam lighting performances. They are DMX on board and they have great built-in programs under Master/Slave mode. LED strobes are suitable for RGB or white panel lighting installations.
