

RED WAVE

CLEAN, POWERFUL AND COMFORTABLE HEADPHONES

HEADPHONES DESIGNED BY DJ FOR DJS.

RED WAVE headphones were designed with the entire DJ experience in mind. Their superior sound, eye-catching looks and comfortable design make RED WAVE headphones the clear choice of professional DJs.

RED WAVE headphones are designed specifically for the professional DJ. They employ a comfortable, closed-cup design for great isolation from outside noise. RED WAVE's large, 50mm neodymium drivers produce clean, powerful output. Designed by DJs for DJs, these headphones have a convenient, swiveling design on one cup so they're easy to wear one-sided between the ear and shoulder. The ear cups also have breathable protein-leather for DJs to remain comfortable during prolonged use.

RED WAVE's sleek, modern design ensure they look as good as they sound. RED WAVE headphones also come with a gold-plated 1/4" adapter to quickly plug into MP3 players, and carrying case for quick and convenient transport.
