PK301

A 120” IMAGE THAT FITS IN YOUR POCKET

A Business Tool for the Family

They promised you a projector and a screen but when you arrived the meeting room had changed and all you have is your trusty laptop – still think you can win the deal or train their staff on your marketing plans?

Business people can’t leave things to chance so why not stack the cards in your favour – take the astonishing PK301 Pico Pocket Projector with you and take control – whatever the circumstances. This pocket size device has an amazing WVGA resolution, VGA/HDMI input and a Micro SD slot, ideal for storing and sharing all kinds of media. With images up to 120” diagonal, the PK301 turns your PC or laptop into a thing of real power.

The PK301 goes with you from room to room, town to town or country to country. When it’s not winning business it’s there to entertain your family – the PK301 works for up to 1.5 hours on its internal battery or an amazing 5 hours with the extended battery pack.

PK301, a business tool for the family.
