

FLOWER LED / MOON LED

Première gamme de jeux de lumières à LED, les FLOWER LED et MOON LED sont des jeux de lumières économiques respectivement multicolores et blanc. La température de couleur de la LED permet à ces effets d'avoir un rendu éclatant et exceptionnel. L'ouverture quant à elle permet à ces effets de couvrir une large surface. La faible consommation électrique et le peu d'émission de chaleur permet une utilisation sécurisante et économique.

FLOWER LED and MOON LED are innovative LED lighting effects delivering either sharp colour beams (Flower LED) or white beams (Moon LED). Featuring 3 W LED technology, FLOWER LED and MOON LED comes with fabulous and bright lighting effects covering a large area thanks to the wide beam angle technical system. Low consumption and UV emission can assure FLOWER LED and MOON LED to run all nights long with safety and economy.

Technical specifications FLOWER LED

| | |
|------------------------|--------------------|
| LED type | 3 W LED (50 000 h) |
| Colour system | RGB |
| Manual mode | Sound activation |
| Consumption | 13 Watts |
| Dimensions (L x l x P) | 191 x 150 x 132 mm |
| Weight | 2 kg |
| Additional product | AC 50 (2 pcs) |
